Pharmacy

Siouxland Community Health Center has an onsite pharmacy where you can pick up your birth control pills, patch, and NuvaRings. You can also get emergency contraception from our onsite pharmacy.

Our pharmacy hours are:

Monday – Thursday 8:30 AM – 8:00 PM
Friday 8:30 AM – 5:00 PM

Education and Community Outreach

Education and community outreach programs are also available through the Title X Program at Siouxland Community Health Center. We offer trauma-informed comprehensive sexual and reproductive health education sessions and information for teens, parents, and educators.

Comprehensive sex education addresses both abstinence and age-appropriate, medically-accurate information equipping youth and their parents with the facts they need to keep themselves healthy and safe throughout their entire lives.

Cost of Services

Title X Family Planning health centers offer high-quality and confidential health care. Health care professionals trained in family planning deliver medical services. Educational programs offered through family planning health centers respond to local community needs.

Fees for Title X Family Planning Services are based on ability to pay and often cost less than at other health centers. Services are free for people enrolled in Medicaid and those whose income is below the federal poverty guidelines.

Private insurance and the Family Planning Program waiver are also accepted.

Siouxland Community Health Center has financial counselors onsite who can help you apply for the Family Planning Program waiver and Medicaid before your visit.

Program Eligibility

Title X services are for men, women and teens who are 12 years of age and over. This program is open to all low-to-moderate-income persons, both insured and uninsured, regardless of their ability to pay. You do not need to be a resident of Iowa to access these services.
