January is Slavery and Human Trafficking Prevention Month & Stalking Awareness Month

Human Trafficking is the business of stealing freedom for profit Rio Metro Regional Transit District. What is human trafficking. Human Trafficking.

Traffickers may manipulate, use force against one's will, threaten, use violence, defraud, trick, take advantage of, assault, or coerce individuals to work for money that most often isn't given to them or at a low percentage.

16-YEAR-OLD SEX TRAFFICKING VICTIM FACING LIFE IN PRISION IN TEXAS BECAUSE HER TRAFFICKER KILLED HER PURCHASER

Child sex trafficking is NOT prostitution, it is child sex SLAVERY.

- *Please understand a child's brain is developing and easier for them to be manipulated.
- *Understand someone's social environment before victim blaming, an adult trafficker/pimp is the adult and therefore should be held responsible for manipulating minors into child sex trafficking.
- *Maslow's Hierarchy pyramid demonstrates how abusers' or traffickers use to control their victims on basic needs.
- *Laws should be made to help and to educate those, instead of throwing people away and over populating prisons. The system has been failing human trafficking survivors and need to start listening.

STALKING

Stalking is a pattern of behavior directed at a specific person that would cause a reasonable person to feel fear.

Stalking Behaviors: unwanted contact including phone calls, texts, and via social media, unwanted gifts, showing up/approaching an individual or their family/friends, property damage, & threats - in anyway communicating with the individual

According to, the stalking prevention, awareness, and resource center (SPARC) many stalkers commit this crime against people whom they've dated or been romantically involved with. Did you know stalkers can also be acquaintances, classmates, friends, family members, and or strangers? Stalking violates student conduct codes and is a crime in ALL fifty states, the District of Columbia, and U.S. territories.

On January 11th, Haven House hosted a Light-Up the Night to close a Human Trafficking event at the College Center in South Sioux City. There were multiple community partners there to provide resources and information to trafficking survivors, victims, and their families. At 6:30 we turned down the brightness and had everyone light up the night with the flashlight on their phones for 5 minutes. Followed by a moment of silence. We want to extend our appreciation to the donors and community members who had a resource table present, and all of our guests for attending.

Teen Dating Violence

Is an adverse childhood experience that affects millions of young people in the United States. Dating violence can take place in person, online, or through technology. It is a type of intimate partner violence that can include the following types of behavior:

- <u>Physical violence</u> is when a person hurts or tries to hurt a partner by hitting, kicking, or using another type of physical force.
- <u>Sexual violence</u> is forcing or attempting to force a partner to take part in a sex act and/or sexual touching when the partner does not consent or is unable to consent or refuse. It also includes non-physical sexual behaviors like posting or sharing sexual pictures of a partner without their consent or sexting someone without their consent.
- <u>Psychological aggression</u> is the use of verbal and non-verbal communication with the intent to harm a partner mentally or emotionally and exert control over a partner.
- Stalking (refer to Pg.1)

Teen dating violence profoundly impacts lifelong health, opportunity, and well-being. Unhealthy relationships can start early and last a lifetime. The good news is violence is preventable, and we can all help young people grow up violence-free.

We Believe

Elder Abuse

- Around 1 in 6 people 60 years and older experienced some form of abuse in community settings during the past year.
- Rates of abuse of older people are high in institutions such as nursing homes and long-term care facilities, with 2 in 3 staff reporting that they have committed abuse in the past year.
- Rates of abuse of older people has increased during the COVID-19 pandemic.
- Abuse of older people is predicted to increase as many countries are experiencing rapidly aging populations.

who gifted survivors and their families this Christmas Season

SCOOTER'S COFFEE

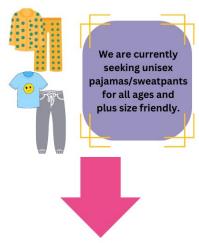

Daily Thread is located at the Sioux City mall, and they collected clothing items for our clients through the month of December. Thanks to them, we have brand new clothes to give out to our clients. We appreciate Daily Thread for helping us spread holiday cheer! To the far left is Haven House's Human Trafficking Advocate, Kristina

GREENVILLE PHARMACY

Greenville Pharmacy generously allowed us to set up a change jar and a box for donations in their store. They put them out for the whole month of December to help us raise awareness and to collect much-needed items for our clients. Thank you, Greenville!

Please make sure to send packages at our main office 215 W. 2nd Street, Wayne, NE 68787, not our old office. Thank you!

1. Overgeneralization We assume one instance applies to every situation.

2. Catastrophizing We believe a situation is much worse than it actually is.

3. Personalization
We believe that events
having nothing to do with
us are all about us.

4. Emotional Reasoning We assume our feelings are giving us useful information.

5. False Sense of Responsibility We believe we have more power than we actually do.

6. "Shoulding"
We think things
ought to be the
vay we would like
them to be.

7. Mind Reading
We assume we
know what our
partner is thinking
